

GUIDANCE FOR DOLPHIN WATCHING IN 2020

During COVID - 19 measures

FOR YOUR SAFETY:

Dolphin watching team will **disinfect the boat** after every tour.

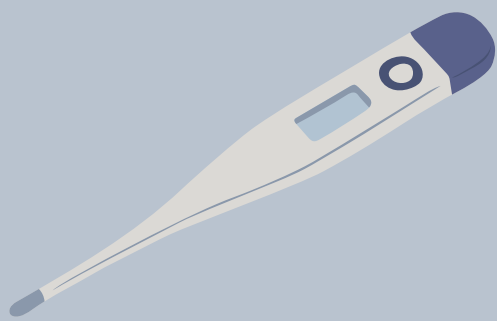

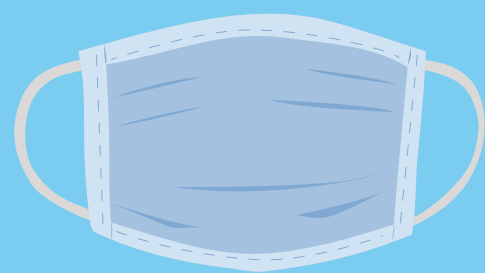

Anyone boarding the boat is required to **disinfect hands before** getting on board. The disinfectant spray is at your disposal at any time during the tour.

OUT OF CONSIDERATION FOR OTHERS ON BOARD:

It is recommended to **wear masks properly** during the tour.

You are also encouraged to **wear (sun)glasses** to prevent droplet infection.

We kindly ask you to inform us if you have a **body temperature higher than 37,0 °C.**

If you have any questions please **contact us with confidence** and we will do our best to make you feel comfortable and safe. Our boat is still safe to navigate and certified for ocean conditions and our skippers and educators have hundreds of hours of navigation behind them and will ensure you a **pleasant stay on board and unforgettable moments** with the most famous Adriatic dolphins!
